

## OPM Breach: Foreign Travel

Boeing employees traveling abroad for business or pleasure should be mindful to

- Assume governments of countries you are visiting are aware of your US-  
be vigilant.
- Safeguard your belongings, such as personal items, driver's license, and passport.
- Leave any electronic devices at home. If you require a laptop for business, ensure it is a clean, company-provided, loaner laptop. The Enterprise Hand-Carry

line hand-carry permission process, which allows for all US-based employees traveling outside of the United States to submit a request to hand-carry Boeing-owned or controlled property.

Do not hesitate to call your local Security professionals if you have any questions.
