Goal:

Build better lives for transitioning service members, veterans and their families. We provide support for veterans and families from communities typically underrepresented in the military veteran ecosystem and those systemically disadvantaged by societal barriers.

Concentration:

- **Rehabilitation and Recovery:** Support veterans' physical, mental and emotional well-being through rehabilitation and recovery programs that heal visible and invisible wounds, as well as programs that foster a sense of community and belonging. Increase hands-on recovery programs focusing on the following:
 - Post-traumatic stress, traumatic brain injury, moral injury and suicide prevention
 - Physical injuries
 - Veterans giving back to their communities
- **Workforce Transition:** Support employment-readiness programs for transitioning service members and their spouses to help them succeed in their next mission in the civilian workforce. We focus on high-quality training in high-demand sectors to reduce economic and employment disparities among veterans.

Boeing supports organizations focused on transitioning service members, veterans and family engagement. While we may fund organizations statewide, we focus the majority of our giving to organizations serving Salt Lake, Tooele, Ogden and Davis Counties.
